Rhythm and Rhyme

My Little House

My little house won't stand up straight

(Touch fingertips of both hands to make a roof, rocking from side to side)

My little house has lost its gate

(Drop two little fingers)

My little house bends up and down

(Rock hands violently from side to side)

My little house is the oldest in town

(Continue rocking hands)

Here comes the wind; it blows and blows again.

(Blow through two thumbs)

Down falls my little house. Oh, what a shame!

(Drop hands into lap)

- ♪ Can you practise the actions and finger play to go with this rhyme?
- ♪ Can you spot the rhymes? Try it with different voices!

Let's Get Creative!

Building patterns

- ♪ Tap out these building patterns and make up some of your own!
- ♪ Don't forget to repeat them each a few times (at least four times to make a great repeating pattern)
- ♪ Make up your own repeating patterns for the tools at the bottom too!

Hammer in the nail, hammer in the nail

Turn the screw - round and round

Saw - saw - back and forth

Why not build your own house? What will you use?
Lego? Blocks? Cardboard boxes? Something else?

Let's Get Moving!

Dance along to the beat with these groovy building actions with Bob the Builder and his team! Make your building moves big and strong!
